RIDER GHOST IN THE MACHINE

version: 2022-08

EQUIPMENT

- 4x Pioneer CDJ-3000 or Pioneer CDJ-2000NXS2 players. No older models.
- 1x Pioneer DJM-900NXS2, DJM-750MK2 or DJM-V10. No other mixers.
- 2x high-powered monitor speakers placed at ear-level.

TECHNICAL DETAILS

- The table for the equipment must be at least 100cm (40 inches) high.
- Players must be placed directly to the left and right of the mixer. Not elevated.
- All players must be linked via a network hub/switch.
- All players must be updated to the latest firmware and have been recently serviced.
- Monitor speakers must be placed at ear-level. No floor monitors.
- Monitor volume must be adjustable on the DJ mixer.
- Monitor signal must be stereo. No summing or single channel use.
- The 'record out' output on the mixer must be available for use.
- No other acts can set up in the same immediate space during the performance.
- No recording of performance unless agreed to with the booking agency before the show. Recording for collection societies is acceptable.

If your organization is unable to provide any or some of these items, facilities, specific models or anything else, contact us to discuss possible alternatives!

HOSPITALITY

- 10 cans of **any one** of the following: Red Bull Cactus, Red Bull Dragon Fruit, Red Bull Fig/Apple, Red Bull Strawberry/Apricot, Reign Lemon Hdz, Reign Melon Mania, Reign Sour Apple, Monster Ultra Fiesta Mango, Monster Ultra Black, Red Bull Watermelon, Red Bull Blueberry, Red Bull Zero. Feel free to mix and match. *See the second page of this document for a more detailed list.*
- One **small** bag of Salted Caramel M&M's, Crunchy Caramel M&M's or Regular Peanut M&M's.
- Tea-making facilities.

MOST IMPORTANT PARTS OF THIS RIDER

- All of them are very important but *especially* the technical ones. And for those of you paying extra special attention there **is one** thing that gets mentioned twice.
